Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Examiner agreed to remove the outstanding 101 and 112 2nd rejection. Applicant must still respond to the outstanding rejection mailed May 19, 2006. Applicant's Representative intended to incorporate dependent claims 3, 5, 23, and 25 into their respective independent claims in order to place the case in condition for allowance. Claims 23 and 25 would be allowable however claims 3, 5, (new claims 2 and 4 when rolled up) and 7-17 will not be allowable over the prior art of record. In the previous NON-FINAL rejection, mailed May 19, 2006, claims 2-5 and 7-17 were analyzed for the purposes of a prior art rejection and in the interest of compact prosecution with the presumption that claims 2-5 and 7-17 had been drafted such that each limitation is a positive recitation of a method step directly required for "processing shared data" as recited in the claim preamble. If Applicant drafts these claims to conform with this presumption then claims 3, 5, (new claims 2 and 4 when rolled up) and 7-17 would be allowable. However, if Applicant fails to draft these claims to conform with this presumption then claims 3, 5, (new claims 2 and 4 when rolled up) and 7-17 will be rejected in view of Kettley and Elko. .
